

## Magnum LTL, Inc.

Less Than Truckload Pick Up Request

Web Service Definition URL:

<http://cloud.magnumlog.com:8081/axis2/services/pickuprequestWSPWsdI?wsdl>

Minimum Required Info:

- Username
- Password
- Shipper Information (Name, Address\_1, and Postal Code)
- Consignee Information (Name, Address\_1, and Postal Code)
- Shipment Details (Pallet Count/Spots, Weight, Weight Units)

If testing API functionality, a Magnum Account Number of "TEST" or "APITEST" should be passed so pickups are not attempted. Otherwise the account number is defaulted based on username/password.

Pick Up Requests sent via this API are not guaranteed.

Shipments are subjects to internal review of commodities being shipped and service areas.
