

ONE *MAGNUM* MONTHLY

One Team. One mission. OneMagnum.

August 2026

LTL in Motion

Teamwork & Safety in Action

Several of our Minnesota terminals and Chippewa Falls have recently faced manpower challenges, and the teams in Elk Grove Village, Kearney, and Milwaukee have consistently been among the first to step up and offer their support.

Their willingness to assist wherever needed reflects a strong commitment to teamwork and to doing what is best for Magnum. A sincere thank-you goes to Troy Liming, Aaron Davis, and Darrel Coatney, along with their entire teams, for their leadership, flexibility, and selfless efforts. Your support has made a meaningful difference and is a great example of the values that help make Magnum successful.

On the Ups

Congratulations to Jamie Stewart and Callie Schmidt on their new roles within Magnum! After four and a half years as Outbound Supervisor in Willmar, Jamie has stepped into the role of St. Cloud Terminal Manager. Callie, who has been with Magnum for two and a half years, was recently promoted to Oshkosh Terminal Coordinator. Their dedication, positive attitudes, and commitment to supporting their teams make them valuable members of Magnum. We're excited to see what they accomplish in this next chapter!

LTL Fleet Safety Award

We're proud to announce that our LTL division has been selected as a 2026 North Dakota Motor Carriers Association Fleet Safety Award winner! The award will be presented during the Safety Awards Banquet held in conjunction with the NDMCA 81st Annual Convention and Trade Show on Wednesday, September 2, 2026, at the Alerus Center in Grand Forks, North Dakota.

Magnum in the Community

We recently had the opportunity to participate in a Touch-A-Truck event in Mandan, North Dakota, which welcomed more than 9,500 attendees!

Thanks to the support of local businesses, popular activities such as Horn Bingo, the Chalk Station, and the Touch-A-Truck Coloring Book returned for families to enjoy.

We're proud to have played a part in making the event possible and grateful for the opportunity to connect with so many members of the Mandan community.
